Student Device Purchase Scheme Information Sheet

The Student Device Purchasing Scheme at Woree State High School provides students with access to laptops through a flexible payment plan. The school purchases laptops, which are then made available to eligible students along with damage protection and a carrying case. Payments are spread over a maximum three-year period, with options for weekly, fortnightly, or monthly instalments. Once the device is paid in full, ownership transfers to the student.

The school retains ownership during the payment period, allowing for the installation of essential software, warranty management, and internet safety features. At the end of the agreement, the laptop is restored to factory settings, and students then take ownership for a \$25 administration fee (which is included in the repayment Schedule).

Full details and payment schedules are included in the **Student Device Purchasing Scheme Agreement Form** which is available from our website <https://woreeshs.eq.edu.au/> or from the School Administration during office hours.

Benefits of our scheme.

Student Device Purchase Scheme

- | | |
|---|--|
| <ul style="list-style-type: none">✓ Option for an up to 3-year payment plan following a deposit before collection✓ Payment plan through BPoint, discuss with Finance.✓ ADP and warranty included in total cost.✓ Commercial Grade devices.✓ Devices will have Department of Education operating system which provides the same platform as all other devices in the school. | <ul style="list-style-type: none">✓ Standard education software pre-installed for students.✓ Onsite warranty repairs from the supplier usually the Next Business Day if logged before 12pm.✓ Hotswap loan devices available for when repairs are needed.✓ Less stress on the network and teachers to have the same platform across the school.✓ Technical support given between 8am and 3:15pm Monday - Friday onsite. |
