

# Shoreline

# EARN WHILE YOU LEARN

## With a school-based traineeship in the Marine Industry

Shoreline offers a diversified education program to First Nation students in Year 11 and 12, incorporating a mix of days at school (to gain those vital QCE points), vocational training (engineering and maritime trade) & work placements in the Eco-Tourism & Marine Industry (to gain vital experience and potentially full-time work at the end of the program).

"I went from someone who didn't know what she was doing, who didn't want to go to school, who just didn't have their life together, to someone who now wants to go to school and work every day."

Regina Morey, Shoreline  
Graduate 2020.

## HAVE YOU EVER WANTED TO WORK ON THE GREAT BARRIER REEF?

*With the Shoreline program, you can!*

Shoreline acknowledges and pays respect to the past, present and future Traditional Custodians and Elders of this nation and the continuation of cultural, spiritual and educational practices of Aboriginal and Torres Strait Islander peoples.

We will have info sessions, a boat excursion and short tours available through the TAFE & College facilities later in the year. This is a great way to hear and see what our program may be able to offer you. Stay in touch with your school and VET coordinators so you don't miss out!
